## Projects

---

### CryptoBase

<https://github.com/sasa-potezica/crypto-project>

<https://sp-crypto-project.web.app/>

### Crypto Currency Exchange Platform Development

Created responsive front-end interfaces using React and Tailwind, ensuring seamless user experiences across desktop and mobile devices  
Integrated real-time market data feeds and trading APIs to provide users with up-to-date cryptocurrency prices and liquidity.  
Conducted thorough testing and debugging to identify and resolve issues, ensuring the platform's stability, reliability, and adherence to industry standards.

### ThreadAI

<https://github.com/sasa-potezica/ThreadAI>

<https://sp-threadai.netlify.app/>

### Custom T-Shirt Design Website with AI prompting

Developed responsive front-end interfaces, enabling users to effortlessly design custom t-shirts on both desktop and mobile platforms  
Integrated intuitive colour picking, dynamic image updating, and AI prompt generation functionalities, empowering users with versatile customisation options  
Ensured platform stability, reliability, and industry standards compliance through meticulous development practices.

### EvoGym

<https://github.com/sasa-potezica/evo-gym>

<https://sp-gym-app.netlify.app/>

### Custom T-Shirt Design Website with AI prompting

Engineered responsive front-end interfaces employing React, Tailwind CSS, and TypeScript, ensuring an intuitive user journey across desktop and mobile platforms.  
Guaranteed platform stability, reliability, and alignment with industry standards through rigorous development methodologies.

## Skills

---

**Programming Languages:** HTML, CSS, JavaScript (ES2020+), TypeScript, PHP, MongoDB, C#, SQL

**Libraries & Frameworks:** React, Node.js, Next.js, Tailwind CSS, Styled Components, Framer Motion, Express.js, Three.js

**Tools & Platforms:** Git, Github, Netlify, Heroku, WordPress, Firebase, Figma

## Strengths

---

- **Adaptability:** Flexibility to learn and work with new technologies, frameworks, and tools as the project demands evolve.
- **Attention to Detail:** Meticulous approach to coding and design, ensuring high-quality and pixel-perfect user interfaces.

## Languages

---

- **English:** Native
- **Serbian:** Native
- **Russian:** Beginner

## Education

---

Higher Educational Technical  
School of Professional Studies  
Information Technology

2022 - Present

Gymnasium "Žarko Zrenjanin" Vrbas
